Range and speed depend on rider, terrain, temperature and configuration. Confirm availability and the final order specification with QWMOTO.

QWEATV-01B

The main specification table describes the 6-inch chain-drive configuration. Request a separate confirmed specification for the shaft-drive version. Battery capacity is not fixed by this page.

6-inch / chain-drive configuration

- Chain drive; 145/70-6 tyres, front and rear.
- Seat height: 550 mm. Net / gross weight: 82 / 93 kg.

Shaft-drive configuration

- Shaft drive and differential rear axle.
- Confirm wheel size, battery capacity, seat height and net / gross weight in the quotation.

Standard equipment

- 500W brushless motor.
- Four lead-acid batteries; capacity confirmed with the selected configuration.
- Three speed settings and reverse; twist throttle with brake cut-off.
- Front drum brakes and rear hydraulic brakes.

Optional equipment & finishes

- Front hydraulic brakes.
- Foot-operated power cut-off switch.
- Instrument display and Bluetooth speaker.
- Hand guards and wheel-rim trim.
- Body colours and decals.
- Battery upgrade for the shaft-drive configuration, subject to quotation.

Optional equipment is quoted separately. Product photographs may show optional accessories. No price, lead time, certification or age-suitability commitment is made by this sheet.

For supervised off-road use. Confirm rider fit, protective equipment and applicable local requirements before use.
