Range and speed depend on rider, terrain, temperature and configuration. Confirm availability and the final order specification with QWMOTO.

QWEMATV-02B

Choose the motor configuration when enquiring. Maximum speed and equipment depend on that choice; confirm the final specification in your quotation.

800W / 36V configuration

- Brushed motor.
- Speed settings: 6 / 12 / 25 km/h plus reverse.

1000W / 36V configuration

- Motor type to be confirmed for the selected configuration.
- Speed settings: 6 / 12 / 28 km/h plus reverse.

Standard equipment

- Three 12V / 12Ah lead-acid batteries in a removable battery box.
- Three speed settings and reverse; twist throttle with brake cut-off.
- Mechanical disc brakes, front and rear.

Optional equipment & finishes

- Alternative motor configuration; confirm motor type and power in the quotation.
- Four-battery configuration with matching electrical equipment, subject to confirmation.
- Foot-operated power cut-off switch and instrument display.
- Rear hydraulic brake.
- Hand guards and wheel-rim trim.
- Body colours and decals.

Optional equipment is quoted separately. Product photographs may show optional accessories. No price, lead time, certification or age-suitability commitment is made by this sheet.

For supervised off-road use. Confirm rider fit, protective equipment and applicable local requirements before use.
